THE BLACK DAY OF THE BALFOUR DECLARATION

Oh Palestine in your hills the lost battle is existing between us and the tyrants, and for your dear independence the youths of your country are rushing into death in the face of mortar guns and shells.

They wanted you to be the National Home for the Jews, Balfour had declared his evil declaration, and you were overcrowded with those who had escaped from the tyranny of a civilised people, then they had marked the boundaries of the Jewish Kingdom. All these acts were settled without consultation with your inhabitants. Is this not an offence? Is this the British Administration. Palestine is not the property of Britain to grant it to whom she pleases. Palestine is not an article of merchandise to be sold and purchased. The people of Palestine do not accept impositions and injuries, when they know they have the backing of other Moslem countries to assist them against such menaces.

Britain was afraid to raise the ire of the Jewish people, but was not afraid to accept the hatred of the Arabic Nation. She gave every possible assistance to the Jews to establish their National Home, resulting in the dire economical position Palestine is in today.

Serial No. 80/30
Date 6.11.38

TO MR. HAINING,
COMMANDER IN CHIEF OF THE BRITISH FORCES IN PALESTINE.

This is my word to you sir, as being the man in charge of the British Forces in Palestine. You have landed here in order to extinguish this Arab Revolution, that was stoked up against the desires of Zionism; then turned to be a conspiracy against BRITISHERS.

The Arabs of Palestine are defending their own country just as any English man defends England, or a German defends Germany.

We were expecting to find English Justice away from offending to the Arabs so as to make them desperate of their being in Palestine. But London made us determine to fight to the last breath.

Remember that, had it not been for your Government, the Jews would never have found a footstep in Palestine, and as it is so we have no other way but to fight for our existence in our beloved country.

Is it a crime to do that? You might consider it so; but will you tell me what are the sins of the innocent children, of the crimeless old people men and women.

Is it because they are Arabs? Might be.
But did you hear what is your army committing against this harmless category of the nation?

Did you know your civilized Army is robbing the women - as it happened in Habbus? Yet moreover; they became a little more than savages to kill children - the last two children killed in Habbus is still hot.

You being a Soldier; should have the spirit of soldiers. YOU should be the sportsman; the honourable, but rather the chivalrous warrior. And to this spirit of warriors I appeal to remind you that that the noble soldier never accepts to attack a woman, fire a child or kill a peaceful citizen.

Imagine an Army helped by aeroplanes, tanks, machine guns, bombings etc. fighting against another, armed with with rifles and nothing but rifles, is resorting to peaceful harmless citizens to help him and guide him his way. This is what your soldiers are doing all over Palestine.

Let the world know this and let the spirit of humanity be our witness. We shall spread this all over the world, to behold the deeds of the English Army. We shall challenge you to show out the reality of your civilization and power. and then let history be our judge for the future and for the CIVILISED WORLD.....

Sgd, Commander in Chief of the
Arab Forces in Palestine.

ADDRESSED TO BRITISH SOLDIERS IN PALESTINE

The army of a nation is bound to keep up the prestige of his nation. England of 1936 - 1937, roused up the world against Italy, claiming that the Italian troops were committing the most inhuman acts against poor Abyssinians. Then the world was praising English defence of humanity and considered England to be the guardian of helpless nations. I am sorry to say what England claimed of Italian behaviour in Abyssinia the English Regiments are applying it, or even worse in Palestine.

One can never imagine more inhuman deeds than bombing up the houses over their inhabitants of innocent ladies and children or robbing passengers, then shooting them, of ruining whole villages and scattering their inhabitants to die of cold and thirst, and of obliterating the ladies of those killed in order that they might terrify the peaceful citizens. These savage actions are mostly committed by "ROYAL SCOTCH" REGIMENTS" in so many places of Palestine and hundreds of photographs are kept for future generations to behold those actions of "ROYAL SCOTCH REGIMENTS".

The British Forces in Palestine have to know that they are risking themselves for a false Zionism Propaganda. Every Englishman is dying in Palestine for the sake of finding a forced home for the German or Polish Jew. The English Forces in Palestine are serving the desires of the World Jewry. Since you have no special interest, why should you die? Why should an Englishman risk for a German Jew? And what is the fault of the innocent Arabs if they want to defend their country.

Jewish propaganda is spreading widely between the British Forces in Palestine, especially "ROYAL SCOTCH REGIMENTS" It is picturing to them that the Arabs, or the Arab Revolutionaries when seizing the Englishman, disfigure his countenance by splitting his abdomen, breaking his limbs, putting out his eyes, cutting his sexual organs and putting them in his mouth... What a false and mean propaganda they tell.. Do we really do such actions? Do you Britishers confirm it? I am sure you will not believe it, but what shall we do with Cruel Jewish Characters, and false propaganda that effect the weak-hearted Englishmen

Our Arabian characters, and our high Military Honour are higher than to be stained by such things. We can never do such deeds, but your Soldiers of "ROYAL SCOTCH REGIMENTS" and wicked Russian and Polish Jew, really do.

This Jewish propaganda is blurring the plain facts to hide their wicked desires. They want to fill up British Forces with Fury against the crimeless Arabs of Palestine, and as a result the peaceful citizens are suffering especially of the behaviour of the "ROYAL SCOTCH REGIMENTS"

Now, we call on all BRITISHERS residing in Palestine to think a little for themselves, and then let them to decide whether the Arab Palestinian, who is defending this country, is guilty or the Russian Jew who wants to build up his forced home in Palestine over the Ashes of the BRITISH SOLDIERS.

OFFICE OF THE ARAB REVOLUTION.
SOUTHERN SYRIA.
For the Year of 1357.

TO THE ARAB NATIONS IN PALESTINE, EGYPT, IRAQ and SYRIA.

I in the name of the Palestine people ,
in their struggle and sacrifice declare to Moslem Nations
that the Revolution was organised to retain the full rights
of the Arabs . The struggle continues despite the suffering,
they have great patience, against the odds of the the weapons
used by the Military, although the poor Arab have nothing else
but ^{his} ~~their~~ faith in the great cause.

For 20 years we have been living under the
hope of false promises.

Various Commissions were selected to investigate
the Arab Case , but the decisions were according to their will
and aims. Lord Peel's Commission on which the Arabs had pinned
their faith decided to divide Palestine, this was strongly
opposed by the Arabs. The Commission was British but pro-
Jewish to all intents and purposes.

A second Commission selected found that the
decision of the previous Commission was unjust and changed
their findings, but the Government were not in agreement,
believing that the Arabs would lay down their ~~arms~~ and give
up the great struggle.

But they are wrong as they will not give
us our lawful rights we will continue our struggle and will
not cease until we receive our rights by the decision of God.

We deeply protest and show our sorrow for
destroying the Holy Places and mosques in order to prepare
roads for the Jews.

ABDUL HAMID MARDAWI.

It was rumoured that I had left Palestine for Syria with other leaders who have actually gone to Syria.

But I solemnly declare to the public and to all the populace of Palestine that I shall not leave Palestine and shall not ever think of leaving our Holy Lands and the struggle until we obtain our full rights and demands.

Palestine is the hope and aim of all Arabs and we must never forget this.

From the Red Palestine.

On the occasion of the sitting of the Parliament which represents the Arab and Moslem Countries and Dominions.

In defence of the wounded Palestine, the Headquarters of the Arab Revolution sympathises with this assembly and declare that they must not retire neither submit to the humiliation, insolence and Tyranny but give an oath to continue in the struggle until God gives his decision, with hope springing eternal in the hearts of our warriors have we faced the Government forces.

Our organized army commenced their struggle with the Government forces killing them in large numbers. Also other sections of the warriors directed their activities against Jewish Colonies, manned by Jews from various parts of the world.

God always gave us success and triumph.

The entire world must know of the sacrifices that the Arabs in Palestine have made in their great struggle to maintain the Holy Places in Palestine.

The Arabs in Palestine must live freely in their own homes as they were living before the Jewish invasion.
