PROCLAMATION.

The Headquarters,
Arab Military Gangs,
Southern Syria,

Notice No. 13/38.

1938.

To all Moslim People:

Should a person tell you anything, you should not believe him until you prove it's truth for yourself.

The Headquarters of the Military Gangs of Southern Syria deeply regret the murder of the late Insp. Selim Bitar. We have examined his records and can find no reason for his having been put to death.

As this Headquarters is unaware of the identity of the assassin, it has been decided to start investigation in order to discover the motive for the murder.

In the event of the investigation proving that the murder was not undertaken on behalf of the National cause, the persons concerned will be severely punished. If it proves to the contrary, then it is God's will.

The attention of the Palestinian people is drawn to this matter. They should never hurry their decisions and believe everything they are told until such time as they can prove it's truth for themselves. Furthermore they should pay no attention to back-biters, but should give the matter their careful consideration.

They should read our general publications and make themselves aware of our decisions, which always give a full explanation.

The Commander in Chief,

Signed.

Abdul Rahim.

THE NATIONAL HOLY STRUGGLE IN PALESTINE.

Pamphlet No. 14 emanating from the Leadership
of the Attack Groups for the year 1938.

The bold Leader, Leader of the Attack Groups & for the Rebels in Palestine, Aref Abdel Razek, distributes from time to time pamphlets regarding the attack of the Rebels on the English and Jews. A pamphlet was received by our correspondent in Jaffa describing what the rebels in Palestine are doing and the sacrifices they are offering to the Defence of the sacred Native Land. Long live they live.

The pamphlet reads as follows :-

IN THE NAME OF GOD THE MERCIFUL.

FIGHT WITH YOUR MONEY & SOULS IN
GOD'S WAY.

IN THE NAME OF THE ARABS WE LIVE
AND IN THEIR NAME WE DIE.

Our beloved People. We submit herewith the last news written with the blood of our bold men in order to let you always be in touch and in connection with the battles arising between our right and those tyrant fellows. Do not be afraid whatsoever. Fear ye not from their aeroplanes, ships or their Tanks. Right is and was created to be above all. During this week some of your Rebels sons made the following:-

1. Destruction of the Qalqilia Ras El Ain Railway Line, and the derailment of the Baggage Waggon.
2. Derailment of the Train near Kilo 57 between Qalqilai and Ras El Ain. Killed 2 jews of Kfar Hama and others in Hanking Orange Groves, and so many others in Hacovesh. They have attacked Qalqilia Railway Station and on evacuating the station from both, women and children, they set the station to fire, which lasted more than 7 hours. They blew up Irtah Bridge near Tulkarm by means of a Land Mine. An engagement took place with the Military after which they have heard moaning and screaming of those who were killed and wounded. Great number of casualties have been imposed upon them.
3. That is the news of the week. We hope that you do not be desperate for the news which do occur from time to time in Jerusalem, Haifa and Jaffa i.e. the throwing of bombs on Moslem women, boys and Girls. It is the hand of the Jewish men, protected by the English which undergoes such acts. May God help us.

GROUPS,
PALESTINE MOUNTAINS,
AREF ABDEL RAZEK.

No. 3/9/38.

IN THE NAME OF GOD.

You know what the English troops have done in BALA village on Monday, where they shot people, there several fires and that was their discredit to civilisation. A spy informed the Government that the General Leader was in the village, upon this information 3,000 soldiers with their weapons completely surrounded the village and it was lucky that our bold soldiers were not in the village. When they found nobody there, they entered the village, covered young and old men and left the women and children in their houses without nobody to watch or help them. The soldiers frightened the women with their brutal acts also, they frightened the innocent children.

"WHEN THE SOLDIERS FOUND NOBODY IN THE
VILLAGE, THEY ASKED TO FIGHT."

Afterwards the soldiers began to ruin the village and mixed oil with flour and rice with wheat and barley and broke the furniture, destroying a third of the village because they could not find anybody. They stated they came to surround the Leader of the Rebellion - but God knew that they were liars because if they ^{were} aware that our soldiers were in the village of BALA, they would not have entered, but they wanted to destroy and demolish the village. They took from the men their watches and from the women their jewels and also threw into the wells bombs.

The Rebels like to die as much as the English

like to live. What can be the result for a Government who pretends that it is civilised and takes men to Nour Shans (jail) where they leave them out in the open all day and all night without any cover

General Leadership for the
Arab Rebels in Palestine.

TO THE GENEROUS ARABS

You hear and write of the acts which our bold soldiers do, for which this news you raise your head high up and you fill with pride at this news - and now we are going to tell you of some of the fighting.

1. We understand that some of the Jewish workmen escorted by Jewish Policemen who were working in South of Majdal so we sent some of our Groups to the aforesaid place. We opened fire on the Jews and a fight took place between the Jews and our Group and then our soldiers killed 6 of the Jewish policemen and some of the workmen were wounded. The Rebels took 6 rifles and a quantity of ammunition and went back peacefully.

2. During the night of Saturday 10.9.38. a Group of the Rebels attacked with revolvers SARAFAND Police Station and the muzzle of the revolvers were aimed at the chest of the crowd who was stationed there; some of the Rebels then went into a stable where they took 11 horses which were sent to the General Leadership for the Arab Government. It was wonderful that the English soldiers hid themselves during the attack and they could make nothing as they were afraid and it was wonderful that our bold soldiers returned discontented because they were hoping to kill a good number of the enemies soldiers. OH GOD how great was their bodies

with their souls bursting to do more by the mention of ---

We can form our present Arab Government by this bold means and we will obtain our rights.

It can be said now that the English Government has lost her respect in the country and it is decided that she cannot avoid or stop what she has done so England will know how she did not comply with the promises given to the Arabs. If the Arabs did not help the English they would not have occupied the Holy Land.

A Land mine was put on the roadway between

5 Land mines were put on TULKARM/KALKILYA
railway and JAFFA/HAIFA railway. One of them destroyed
a Jewish Orange grove and also a German machine.
Another mine blew up quite a number of electric poles.
The remaining mines blew up the main electric poles
and cut the telephone wires.

Orange groves were cut down.

JAFFA - Many Jewish places were set on fire and a bomb
was put on the boundary and when it exploded 3 Jews
were killed and 2 others injured.

On 6/9/38 Tel Aviv was attacked and 7 Jews were
killed and 4 wounded, afterwards the Police Station
was attacked and 14 rifles, 4 revolvers and 2 boxes
of ammunition were taken (The Government forgot to
publish this).

The Oshusseini Group attacked another Police
Post called ENAB in Jerusalem Sub District where 8
rifles were taken, furniture set on fire, 3 boxes
of ammunition and a number of very light ammunition

Contd./

It was rumoured by the Government that we had received 100 injuries, this is not true; the truth is that a donkey was shot and killed and the leg of a gypsy who as passing by was cut.

The High Arab Leader likes to declare to the people that that is the truth and to deny what the Government published.
